The Town Hall Meeting in conjunction with the 1st through 6th grades last month of the program took place on March 29th in the High School Cafetorium.

75 children, parents and other interested adults showed up for the great pizza dinner compliments of Linda McKeirnan and her helpers. Pizza was complimented with salad, drinks and ice cream.

After dinner the adults and children divided up and the children attended Marcia Ruchert's presentation on nutrition and healthy snacks where not only did they participate in making healthy snacks but they learned new information to share at home.

The adults attended a presentation put on by the Garfield County Sheriff's office. Presenter Sheriff Officer Jim Nelson with the help of Sheriff Ben Keller put on an excellent Power Point program discussing Methamphetamines including everything from the manufacturing and sale of to different kinds of meth labs and what to look for when we are out camping or picnicking in our forest.

Officer Drew Hyer and Drug Dog Max were present and Max put on a demonstration as to how he has been trained to sniff out different drugs in vehicles and at crime scenes.

The evening was well attended, exceptionally informative and appreciated by all in attendance.
