

The Community Health and Prevention Advisory Board (CHAPAB) is here to help you.

CHAPAB is a collaboration of a variety of community agencies, working to create policy and mobilize the community in healthy behavior, alcohol, tobacco, and other drug prevention by acting as governing board to the Community Mobilization Program. The board meets monthly to provide updates, network, advice, and direction to different agency programs. Some of the policies/projects that the board has helped in supporting include the Tobacco-Free Pioneer park, county Meth Grant funding, improvement of city crosswalk signage, community town hall meetings, and most recently the school flashing crosswalk lights. The members of CHAPAB are always open to input from the public on any issue relative to the health of our community and residents of Garfield County. We are here to represent you, so let us know what you need and want in OUR community that can make Pomeroy an even better place.

For further information, please contact any member of the CHAPAB listed below.
